Category B & Category C Contract Holder Reference

2026 · Diligent Consulting, Inc.

01 SEWP OVERVIEW

NASA SEWP (Solutions for Enterprise-Wide Procurement) is a Government-Wide Acquisition Contract (GWAC) providing Information Technology, Communication, and Audio-Visual (ITC/AV) solutions and services to Federal agencies and their approved contractors.

02 DILIGENT'S SEWP VI CONTRACT INFORMATION

Diligent Consulting, Inc. is a NASA SEWPVI Contract Holder under the following contracts:

CATEGORY	DESCRIPTION	CONTRACT NUMBER
Category B	Enterprise-Wide ITC/AV Service Solutions	80TECH26D1840
Category C	Mission-Based ITC/AV Service Solutions	80TECH26D0851

03 SCOPE

Diligent's SEWPVI scope includes enterprise-wide strategic ITC/AV services such as cloud, managed, and shared services, as well as mission-based services including custom computer programming, network operations, ITC/AV engineering and design, data processing and analysis, hosting, ITC/AV management and consulting, digital government services, and cybersecurity and security systems services.

04 FAIR OPPORTUNITY & REQUESTS FOR QUOTES

Contractors will be provided a fair opportunity at the individual order level as appropriate per FAR Part 16.505(b), including the SEWP RFQ tools. No documentation for the order selection is required to be submitted with the order. All such documentation is to be maintained by the issuing procurement office.

The Contractor shall not market, quote, or otherwise offer for sale, any IT solutions not listed under this contract, until the said solutions are included in the SEWP database of record, and available to all Government end-users.

If the Government issues a Request For Information (RFI) as part of market research, the Contractor may provide items not yet listed on their SEWP contract as part of a market research quote if:

1. All such items are clearly marked as not yet available on their SEWP contract; and
2. The contractor submits a technology refreshment request to add those products to their contract.

If the Government issues a Request For Quote (RFQ) or a Market Research Request (MRR), the Contractor may only respond with items available on their Contract and the price of each item shall be no greater than the price in Attachment F SEWP database of record at the time the quote is issued. If the Contractor has insufficient items on their contract to fully respond to the Formal RFQ, the Contractor must respond with a No Bid.

Unless the RFQ specifically allows for partial quotes, the Contractor must respond fully to all requirements specified in the RFQ.

When submitting a quote to a government end-user, the contractor must clearly state the length of time the quote is valid. The contractor shall honor any order submitted within the stated time period of a quote.
